IT HAS BEEN AGREED AS FOLLOWS:

DRAFT

Title I — Purpose and definitions

Article 1 — Definitions

In this agreement, the terms below have the meanings given to them hereafter. They are written with a capital letter throughout the agreement and its appendices.

- **Securities**: the financial securities issued as part of the Offering, with a unit nominal value of [Unit nominal value] and an issue price of [Unit issue price];
- **Information Memorandum**: the prospectus for the Offering approved (visa) by COSUMAF under number [COSUMAF approval (visa) number], including its supplementary and corrective notes;
- **Subscription Period**: from [Opening of the Subscription Period] to [Close of the Subscription Period] inclusive, unless extended or closed early by announcement published in accordance with the Information Memorandum;
- **Settlement Date**: [Settlement Date], or any other date set in the Information Memorandum;
- **Centralisation Account**: account no. [Centralisation Account number] held with [Institution holding the Centralisation Account], into which the funds paid by all subscribers are centralised;
- **Syndicate**: the group formed by the Lead Manager and the Memberthe Members for the placement of the Securities;
- **Valid Subscription**: a subscription received during the Subscription Period, using the subscription form provided for in the Information Memorandum, which is complete, signed and covered by funds actually received, and for which the due diligence measures have been carried out.

Article 2 — Purpose

This agreement governs the participation of the Memberthe Members in the placement of the Securities: role of the Lead Manager, undertakings of each Member, flow of subscriptions and funds, allocation and remuneration.

Each Member places the Securities with its own clients and with the investors it approaches, **in its own name and under its own responsibility**, in accordance with the Information Memorandum. It does not act in the name of the Issuer or in the name of the Lead Manager.

Article 3 — Nature of the commitment

The Members and the Lead Manager are bound by an **obligation of means**: each uses its best efforts to place the Securities, without guaranteeing any amount of subscriptions. The quotas in Appendix “Syndicate members” are indicative; they serve to organise the marketing and constitute neither a ceiling nor a firm commitment.

No Member undertakes to subscribe, or to procure subscribers, for Securities that have not been placed. Such a commitment may only arise from a separate firm underwriting or standby underwriting commitment agreement.

Article 4 — Effective date

This agreement takes effect upon its signature. However, no placement may begin before COSUMAF approval (visa) of the Information Memorandum has been obtained and the Subscription Period has opened.

DRAFT

Title II — Role of the Lead Manager

Article 5 — Duties of the Lead Manager

The Lead Manager:

1. provides each Member with the approved Information Memorandum, the subscription form, the timetable in Appendix “Centralisation timetable” and the authorised promotional documents;
2. keeps the consolidated statement of the Syndicate's subscriptions, based on the statements sent by the Members;
3. centralises the funds in the Centralisation Account and reconciles, each day, the funds received against the subscriptions reported;
4. informs the Members of the progress of subscriptions, of any extension or early closure and of any new development affecting the Offering;
5. determines, together with the Issuer, the allocation of the Securities and notifies it to each Member;
6. coordinates settlement with the Central Securities Depository and, where applicable, admission to listing on the BVMAC;
7. publishes the results of the Offering as provided for by the regulations and sends COSUMAF the required information.

Article 6 — Single point of contact

The Lead Manager is the sole point of contact of the Issuer, COSUMAF, the BVMAC and the Central Securities Depository for the Offering. A Member that receives a request from any of them forwards it without delay to the Lead Manager.

DRAFT

Title III — Undertakings of the Members

Article 7 — Placement

Each Member:

- markets the Securities only during the Subscription Period and solely on the basis of the approved Information Memorandum;
- gives each subscriber the Information Memorandum or its summary and informs the subscriber of the risks of the investment;
- ensures, for its clients, that the subscription is suited to their profile, in accordance with its own rules;
- accepts only Valid Subscriptions, on the form provided for in the Information Memorandum;
- promises no benefit, return or allocation not provided for in the Information Memorandum.

Article 8 — Communication

No Member circulates any document, advertisement or information relating to the Offering other than those provided by the Lead Manager, without the Lead Manager's prior written consent. No information is communicated before COSUMAF approval (visa) has been obtained.

Article 9 — Placement restrictions

The Securities are placed exclusively in the CEMAC countries, with the categories of investors provided for in the Information Memorandum. A Member does not offer them in any country whose regulations prohibit the offer or make it subject to an authorisation that has not been obtained.

Article 10 — Know your subscriber

Each Member applies to its subscribers the due diligence measures provided for by CEMAC Regulation No. 02/24: identification and verification of identity, beneficial owners, source of funds, screening against sanctions lists. It remains solely responsible for them and keeps the supporting documents for ten years. On request, it provides the Lead Manager with the information needed for the Lead Manager to meet its own obligations or to respond to requests from the authorities.

A Member refuses any subscription for which the source of funds is not substantiated. It does not pass on to the Lead Manager any subscription from a person subject to an asset freezing measure.

Article 11 — Transmission of subscriptions and funds

Each Member:

1. sends the Lead Manager, on each business day of the Subscription Period before [Cut-off time for sending the daily subscription statement], the statement of its subscriptions using the template in Appendix “Subscription statement”, even when it has received no subscriptions;
2. transfers the funds received from its subscribers to the Centralisation Account within [Time limit for transferring the funds collected to the Centralisation Account (business days)] business day(s) of their receipt, quoting the reference of the corresponding statement;
3. delivers the final statement of its subscriptions, together with the subscription forms, within [Time limit for delivering the final statement after the close (business days)] business day(s) of the close of the Subscription Period;

DRAFT

4. holds its subscribers' funds, until they are transferred, in an account separate from its own funds.

The Lead Manager may refuse any subscription or funds sent after the deadlines set by the timetable in Appendix “Centralisation timetable”.

DRAFT

Title IV — Allocation, settlement and refund

Article 12 — Allocation

If the total of Valid Subscriptions does not exceed the Offering Amount, each subscription is satisfied in full.

In the event of oversubscription, the Securities are allocated [Allocation rule in the event of oversubscription]. The same rule applies to all subscriptions, whichever member of the Syndicate received them. The Lead Manager may not favour its own clients, its staff or any Member.

The Lead Manager notifies each Member of the allocation to its subscribers no later than the day before the Settlement Date.

Article 13 — Settlement

On the Settlement Date, the allocated Securities are credited by book entry in the names of the subscribers, through the Member that keeps their account, in accordance with the rules of the Central Securities Depository. Each Member sends a contract note to its subscribers.

Article 14 — Refund

Funds corresponding to subscriptions that are not satisfied or are scaled back are refunded to the subscribers, free of charge, within [Time limit for refunding funds not allocated or if the Offering fails (business days)] business days of notification of the allocation, through the Member that received them. If the Offering is cancelled, in particular because the success threshold provided for in the Information Memorandum is not reached, all funds are refunded within the same period.

DRAFT

Title V — Remuneration

Article 15 — Commissions

Purpose Capital receives from the Issuer a placement commission of [Placement commission paid by the Issuer (% of amounts subscribed and paid up)] of the amounts subscribed and paid up. Out of this commission, it pays each Member a **retroceded placement commission** of [Commission retroceded to the members (% of the amounts they placed that are paid up)] of the amounts subscribed through that Member that are actually allocated and paid up, in accordance with the scale in Appendix “Commission scale”.

The commissions are paid within [Time limit for paying the commissions after their receipt by Purpose Capital (business days)] business days of their receipt by Purpose Capital, against the Member's invoice. They are stated exclusive of tax. Each commission is the subject of a separate invoice and a separate payment; they are not set off against any other sums.

No commission is due on a subscription that is not valid, not satisfied or not paid up, nor if the Offering is cancelled.

Article 16 — Expenses

Each Party bears its own marketing expenses. The expenses of the Offering are borne by the Issuer under the terms of the mandate agreement.

DRAFT

Title VI — Compliance and liability

Article 17 — Confidentiality and inside information

Each Party keeps confidential the information received in connection with the Offering, except where disclosure is required by law or by an authority. Until they are published, the information relating to the Offering constitutes inside information: each Party keeps a list of the persons who have access to it and provides it to the Lead Manager on request. No Party, nor any of its senior managers or staff, deals in the Issuer's securities using that information.

Article 18 — Conflicts of interest

Before signature, each Member declares to the Lead Manager any links with the Issuer that may create a conflict of interest, and informs its subscribers of those that concern them. Subscriptions for the own account of a Party, its senior managers or its staff are only satisfied after those of clients, in accordance with the Lead Manager's Conflicts of Interest Policy.

Article 19 — Liability

Each Party is liable for its own faults and those of its staff. A Member indemnifies the Lead Manager against any loss, claim or sanction resulting from a breach of its undertakings, in particular regarding due diligence, communication or the transmission of subscriptions and funds. The Lead Manager is not liable for the content of the Information Memorandum, which is the responsibility of the Issuer.

There is no joint and several liability between the Parties. The agreement creates neither a partnership nor a reciprocal agency between them.

Article 20 — Withdrawal and exclusion

A Member may withdraw from the Syndicate before the opening of the Subscription Period, in writing. The Lead Manager may exclude a Member that seriously breaches its undertakings, after a formal notice that has remained without effect for two business days; the excluded Member forwards the subscriptions and funds received without delay.

Article 21 — Termination of the agreement

The agreement ends upon payment of the last commission due, or upon refund of the funds if the Offering is cancelled. Articles 10, 17 and 19 survive its termination.

DRAFT

Title VII — Final provisions

Article 22 — Governing law

The agreement is governed by CEMAC Community law, the OHADA Uniform Acts and, for all other matters, Cameroonian law.

Article 23 — Dispute resolution

The Parties first seek an amicable settlement for [Length of the amicable settlement phase (days)] days. They may have recourse to mediation by COSUMAF.

VARIANTE — DISPUTE RESOLUTION : CCJA ARBITRATION

Article 24 — Miscellaneous

Notices are given in writing, by letter delivered against receipt or by confirmed email, to the addresses stated at the head of this agreement. The agreement and its appendices constitute the entire agreement of the Parties; it may only be amended by an amendment signed by all the Parties and may not be assigned without their consent.
