APPENDIX “SCHEDULE OF CHARGES” · SECURITIES ACCOUNT OPENING AGREEMENT · SCALE

Tariff appendix

Internal

Completed by Executive Management; reproduces the scale in force in the Guichet

Frequency Provided at account opening; any change notified thirty days before it applies

Kept by Client file, with the signed agreement

The fees, commissions and pricing terms applicable to transactions carried out on behalf of the Client are those set out in Purpose Capital's schedule of charges in force, which has been brought to the Client's attention.

Amounts in CFA francs, before tax. Everything that is charged appears here, and so does everything that is not charged. The rates are those of the scale in force in the Guichet on the date of delivery; empty cells are completed by the adviser.

Per transaction

What the Holder does	What Purpose Capital charges	What the product charges
Invest in a fund		The fund's subscription fees, shown on its product sheet
Exit a fund		The fund's redemption fees, if any
Switch from one fund to another		Redemption fees of the first, then subscription fees of the second
Auctions and issues		None
Buy and sell on the stock exchange		BVMAC market fees, if any are applied

Over time

What Purpose Capital provides	What it costs	How it is calculated
Custody of securities		Line by line, pro rata to the days actually held; the notice arrives before any debit

What is not charged

- Opening of the securities account, and of the sub-account with the account keeper
- Payment of the balance to the declared bank account
- Direct debit mandate, and each direct debit presented
- Regular savings plan, and each of its advance notices
- Subscription forms, contract notes, statements, certificates and duplicates
- Closure of the account
