APPENDIX “PRE-LAUNCH CHECKLIST” · TRANSACTION COMMITMENT AND APPROVAL POLICY · CHECKLIST

Checklist before launching a new product or a new activity

Version 0.9
Internal

Completed by Project sponsor, checked by the RCCI **Frequency** Before any launch, then a review six months later

Kept by RCCI (compliance file), together with the form in Appendix “New product approval” of PC-POL-RIS-001

This checklist supplements the risk analysis form of the Risk Management Policy (PC-POL-RIS-001, Appendix “New product approval”). It checks that everything is ready before the launch. Any item not met blocks the launch, unless the decision-maker grants a reasoned exemption.
